Faros School is seeking a part-time IT Instructor to join our team in delivering basic computer lessons during our summer program.

Job description and position requirements:

Qualifications:
The ideal person has a passion for teaching and a commitment to excellence.
The candidate will also have knowledge of computer basics, including software applications, operating systems, internet navigation and the ability to teach these concepts to learners of all levels and of diverse backgrounds.

Responsibilities
- Plan, prepare and deliver lesson plans and instructional materials that facilitate active and engaging learning.
- Instruct and monitor students in the use of learning materials and equipment, using relevant technology to support and differentiate instruction.
- Establish and communicate clear objectives for all learning activities and provide appropriate feedback on assignments.
- Manage student behavior in the classroom by establishing and enforcing a warm, welcoming, and culturally relevant environment.
- being organized, creative, following the standards of Faros School in preparing lesson plans. Experience working with children of diverse backgrounds is valuable.

Required
